SECTION SF 30 BLOCK 14 CONTINUATION PAGE

The following items are applicable to this modification:

REVISED SCOPE OF WORK

Scope of Work

1. **Intent**

The intent of this procurement is to obtain six watertight door and frame assemblies for future installation on the Dredge McFARLAND.

2. **Approvals and Documentation**

* All door and frame assemblies shall be currently manufactured and approved by the U.S. Coast Guard and American Bureau of Shipping for use on classed, oceangoing vessels. The contractor shall submit approval documentation from the U.S. Coast Guard and American Bureau of Shipping along with the quote.

The contractor shall submit drawings showing all of the details of the door and frame assemblies, including, but not limited to, dimensions and bill of materials, with their quote.

The contractor shall submit documentation with the door and frame assemblies upon shipment certifying that each door and frame assembly tested watertight prior to shipment to the final destination.

In lieu of USCG/ABS approval documentation, the contractor may certify in writing that the doors are constructed in accordance with ABS standards and regulations. *

3. **Measurements and Requirements**

The contractor shall provide all necessary labor, material, services and equipment to provide six watertight door and frame assemblies in accordance with the specifications listed herein.

The door and frame assemblies shall be steel construction, non-insulated, fully-gasketed, with single action, quick-acting, lever arm operation, and shall be of the following dimensions:

Width (Inside/Clear Opening) - 26"
Height (Inside/Clear Opening) - 54"
Width (Outside/Edge to Edge) - 36"
Height (Outside/Edge to Edge) - 64"

The Edge to Edge dimensions may vary by +/- 1".

Three of the door and frame assemblies shall be hinged on the left-hand side, the other three on the right-hand side. One left-hand hinged door shall come with a 10" diameter fixed view port, and one right-hand hinged door shall come with a 10" diameter fixed view port. Both sides of each view port shall be covered with ½"-thick exterior grade plywood to prevent damage of the view ports during shipping, handling and storage.

The four door and frame assemblies without view ports shall be painted with two contrasting coats of Ameron 235, the final coat being Black. The two door and frame assemblies with view ports shall be painted with two contrasting coats of Ameron 235, the final coat being White.

Upon arrival at the destination, the door and frame assemblies shall be ready for installation, final testing and use.

4. Acceptance

Receipt of the door and frame assemblies at the following destination and receipt of all required documentation shall constitute Final Acceptance of the doors and frame assemblies.

5. Packaging, Marking and Delivery

The outside surface of each door and frame assembly shall be stenciled with the following information. All stenciling shall be 1" high in contrasting fade-resistant paint.

Inside Dimensions
Left-Hand or Right-Hand Operation
Manufacturer Name
Contract/Purchase Order Number
USCG Approval Number

Each door and frame assembly shall be strapped to a heavy-duty wooden pallet and shipped FOB Destination to the following location:

U.S. Army Corps of Engineers
Fort Mifflin Distribution Center
6400 Hog Island Road
Philadelphia, PA 19153

POC: Richard Burns, Superintendent
215.365.5095, Fax 215.365.0808

Delivery of the door and frame assemblies shall be coordinated with Mr. Burns. 48-hour advance notice is required for all deliveries. Failure to provide adequate notice may be cause for rescheduling of delivery; any delay or disruption fees associated with redelivery shall be borne by the contractor.

The cost of shipment to and packaging for the aforementioned destination shall be borne by the contractor.
